KG in the field of producing railway braking systems and with Bremskerl GmbH, a German company, which produces brake components of transit tracks.

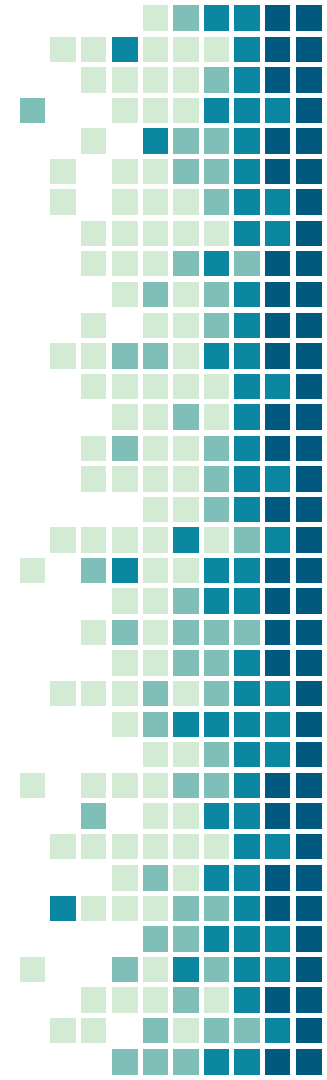

What We Do?

- **Trading department** has taken action to the following services and activities:
 - Casting Products such as Sand Casting, Investment Casting and Die Casting.
 - Turning, Rolling and Welding Services for pipes, wheels and gears with diameter 10 to 8000mm.
 - Railway equipment supply such as Wheels, Wheelsets, Bearings and Brake Systems.
 - Commercial road vehicle spare parts supply such as Brake Discs, Brake Drums and etc.

What We Do?

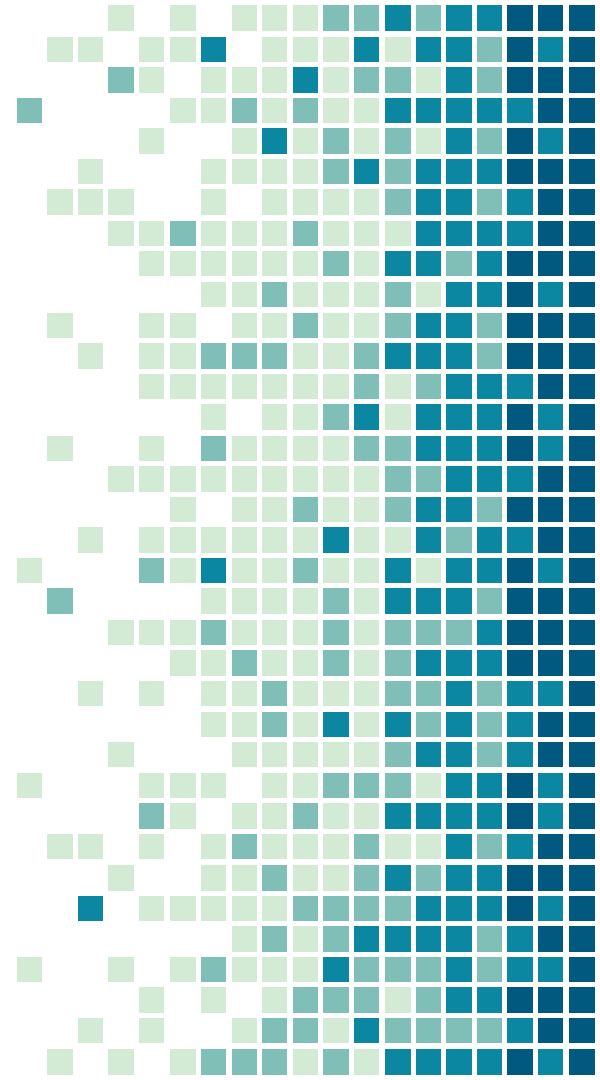

- **Engineering department** there is the ability to carry out various projects with corporation of other consultant Engineer as JV in the fields of:
 - consultancy study
 - Design in rail transportation
 - Design in road transportation
 - Design in air transportation
 - power and energy

Casting

Trading Department

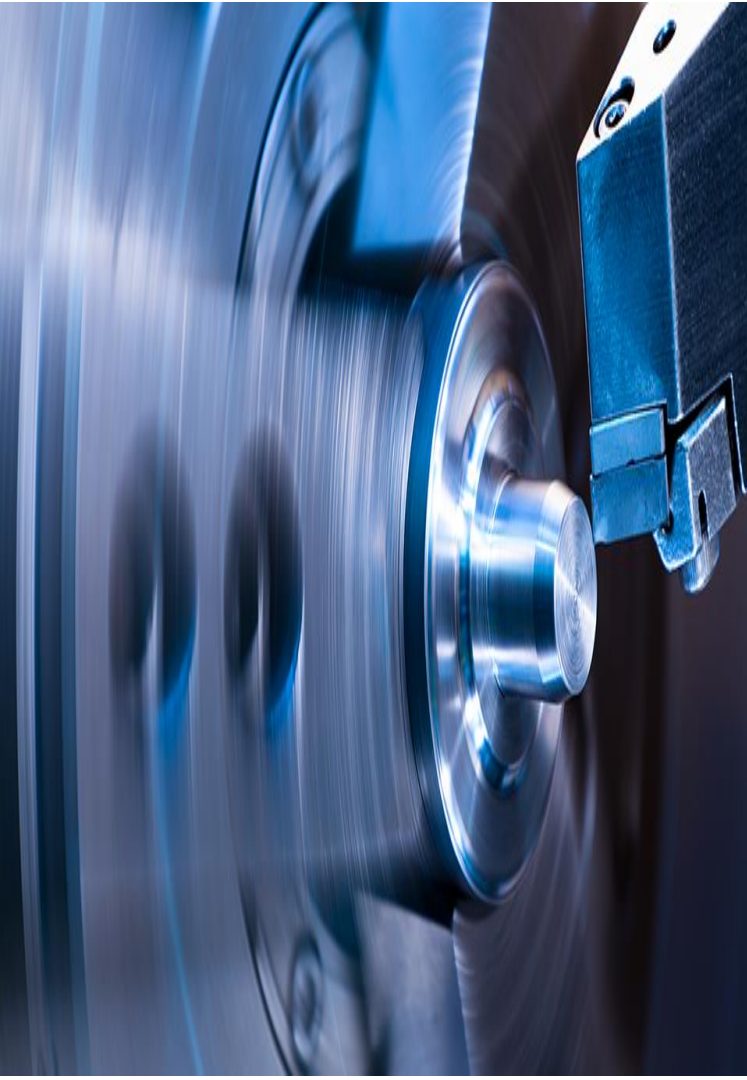

Casting Products

R&B Co. corporate with high quality Casting Companies and has two expert Joint Ventures in mentioned field. We use Pro Engineer design and modeling software and manufacturing CAM software as complementary tool to ensure accuracy in our final products. R&B Co. could provide all kinds of casting products with high level of quality and precision.

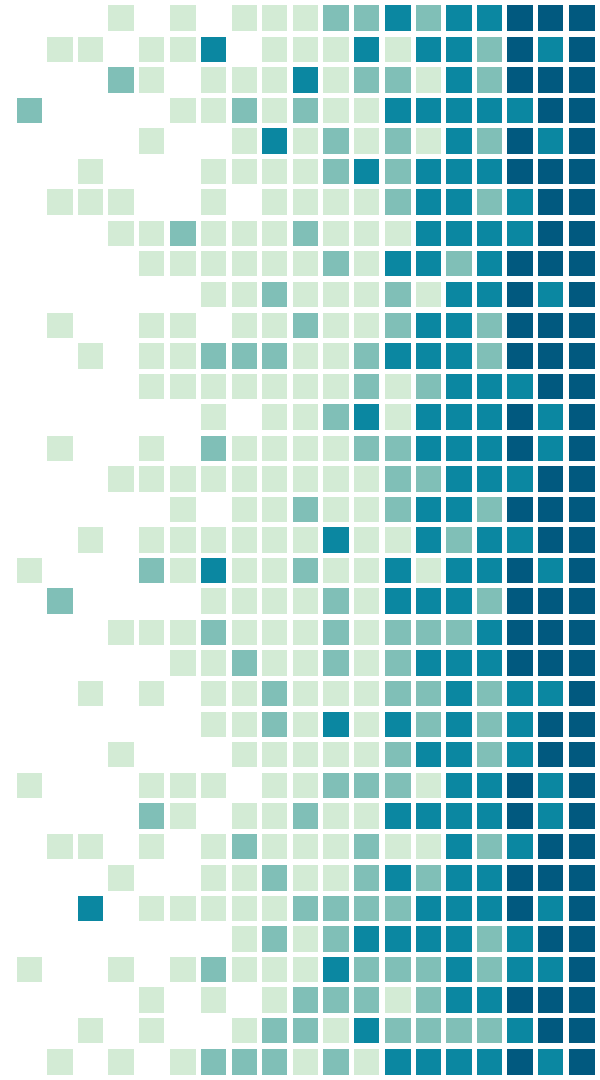

We combine our experience with the capability to provide metal castings in a variety of ferrous and non-ferrous alloys, including Steel, Carbon & Low Alloy Steel, Copper and Aluminum based alloys.

Turning

Trading Department

Turning Services

R&B Co. has strong relationship and efficient cooperation with worldwide companies is CIS and Middle Eastern Companies with high quality products. This company could provide products and services in the following categories:

- Producing various types of rings to 4000mm diameter for industrial applications.
- Producing pinions and gears from 10 to 4000mm for various companies and industrial applications.
- Design and producing of Helical Gears, Bevel Gears, Spiral Bevel Gears, Worm Drives and Rack & Pinions.
- Design and producing all kinds of Gear Boxes such as gearboxes for Asphalt Factory Mixers, Worm Reduction Gearboxes for lift and etc.
- Design and producing of Asphalt Factory, Ball Mill and Rad Mills.
- Producing of kinds of mixer for all factories such as Asphalt and Cements.

Semi-Finished Casting

Trading Department

Semi-Finished Casting Products

R&B Co. could supply various semi-finished casting products and raw materials for industrial purposes with corporation of some high quality manufactures. Materials such as:

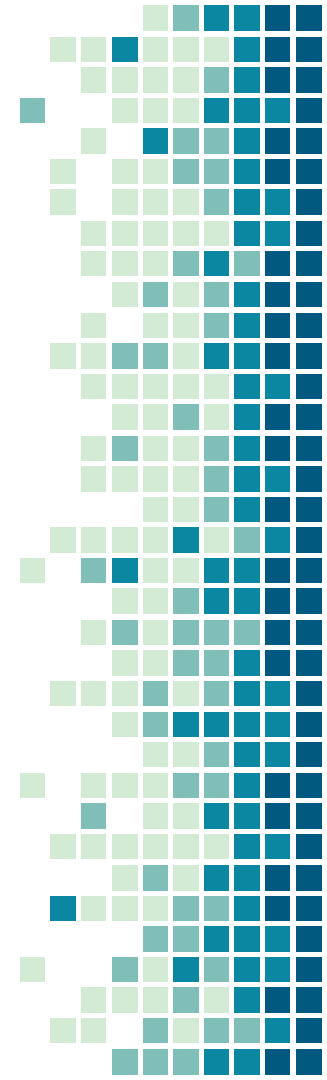

Metal Sheets such as Stainless Steel, Aluminum and Cast Iron Sheets.

Steel Billet in deferent sizes and length.

Seamless and Welded industrial pipes in different sizes, length and material.

Preparing ingots and Slabs in different dimensions and materials.

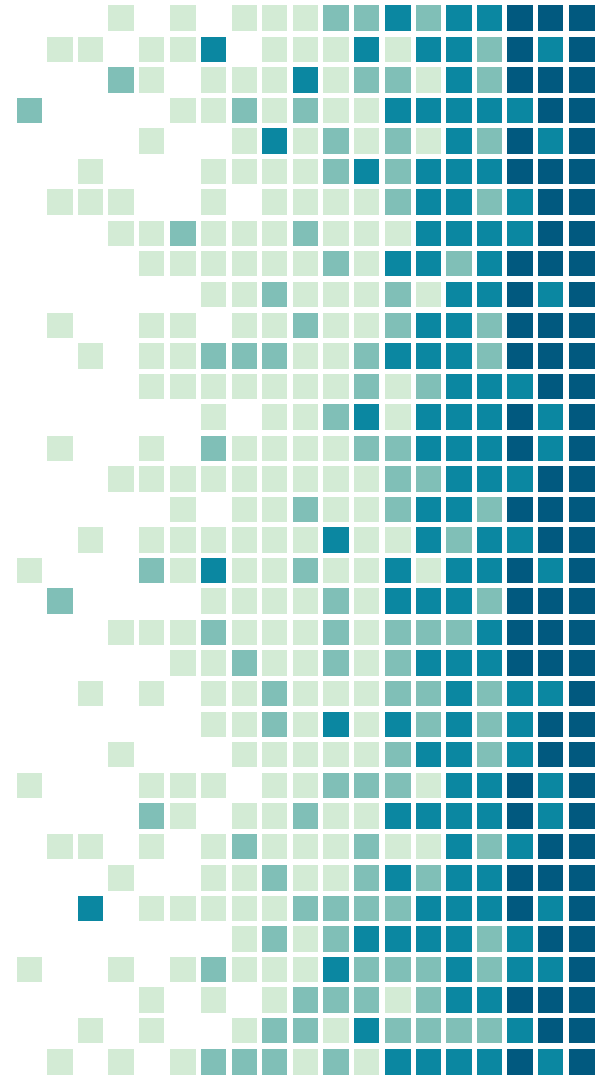

R&B Co. could prepare materials with regards to international certificates and standards such as DIN, ASTM, EN or Gost depends on customers requirements.

Railway

Trading Department

Railway Projects

R&B Co. LLC starts its work in Railway Market primarily regarding to its background in railway market. The company could supply various products and spare parts in the market and now it has close corporation with European Rail manufacturer. R&B Co. supply:

- Wheels and wheelsets from European and Asian wheel manufacturers,
- European Railway Brake system for all kinds of Railway cars,
- and other spare parts for rail market.

Road Vehicle

Trading Department

Commercial Road Vehicle Spare Parts

R&B Co has efficient cooperation with manufacturers of Commercial Road Vehicle spare parts of many European Companies in the followings:

- Commercial road vehicles composite brake pads from Germany,
- Brake discs and brake drums form Germany, France and UK,
- Other instruments and spare parts such as Clutch, water pumps and etc.
